

## St Joseph's College, Brisbane, Queensland

St Joseph's College is a Catholic high school located in Brisbane. Originally founded in 1876, the school blends historical architecture with cutting-edge modern design to house the school's growing facilities.

### Project Design Brief

A new four storey building was recently constructed, featuring a new gymnasium, swimming pool, roof top sports area, administrative offices and adjacent external pavements. With a large student population, walkability and safety was a key consideration for designers.

### ACO's Solution

- **KlassikDrain** KS300 with Stainless Twinwire 5 Star **Heelsafe**® *Anti-Slip* grates

### Benefits

- The Stainless Twinwire **Heelsafe**® *Anti-Slip* grates provide a slip resistance rating of P5 and R12 to AS 4586
- The grates narrow slot opening of 6mm prevent stiletto heel penetration and are compliant to wheelchair and walking cane safety (AS 3996)
- The linear trench run complements the flat and level pavement

### Other ACO products used

- Commercial stainless steel drainage (ACO Stainless)
- Cast floor and roof drains (ACO Wexel)
